## Audio/Video Recording of Ordinary Meetings of Council

As determined by Glamorgan Spring Bay Council in April 2017 all Ordinary and Special Meetings of Council are to be audio/visually recorded and streamed live. A link is available on the Glamorgan Spring Bay Council website to the YouTube platform, where the public can view the meeting live and watch recordings of previous Council meetings.

*In accordance with the Local Government Act 1993 and Regulation 33, these video/audio files will be retained by Council for at least 6 months and made available for viewing live, as well as online within 5 days of the scheduled meeting. The written minutes of a meeting, once confirmed, prevail over the video/audio recording of the meeting.*

### 1. Opening

The Acting Mayor welcomed Councillors, staff and members of the public and declared the meeting open at 5pm.

#### 1.1 Present and Apologies

**Present:** Acting Mayor Cheryl Arnol, Cllr Jenifer Crawford, Cllr Mick Fama, Cllr Richard Parker, Cllr Britt Steiner, Cllr Debbie Wisby, Cllr Jenny Woods.

**Apologies:** Mayor Michael Kent

#### 1.2 In Attendance

David Metcalf (General Manager), Angela Turvey (Executive Officer) and approximately 12 members of the public.

#### 1.3 Declaration of Pecuniary Interests

*In accordance with Regulation 8 of the Local Government (Meeting Procedures) Regulations 2005, the Mayor requests Elected Members to indicate whether they or a close associate have, or likely to have, a pecuniary interest in any item included in the Agenda.*

## 2. Confirmation of Minutes

### 2.1 Ordinary Meeting of Council – April 24, 2018

**Decision: 55/18**

Moved Cllr Jenny Woods, seconded Cllr Richard Parker, that the Minutes of the Ordinary Meeting held Tuesday 24<sup>th</sup> April 2018 be confirmed as a true and correct record.

**The motion was put and carried  
(6 Votes to 1)**

For: Acting Mayor Cheryl Arnol, Cllr Jenifer Crawford, Cllr Mick Fama, Cllr Richard Parker, Cllr Britt Steiner, Cllr Jenny Woods.

Against: Cllr Debbie Wisby (not present at April Ordinary Meeting of Council)

### 2.2 Workshop Held – May 10, 2018

In accordance with the requirements of the *Local Government (Meeting Procedures) Regulations 2015*, it is reported that a **budget workshop** was held at 3pm on Thursday 10<sup>th</sup> May in Triabunna.

**Present:** Deputy Mayor Cheryl Arnol, Cllr Jenifer Crawford, Cllr Mick Fama, Cllr Britt Steiner, Cllr Debbie Wisby.

**Resolved**

That Council notes this information.

### **3. PLANNING AUTHORITY SECTION**

**Please note: There were no planning reports for the May Ordinary Meeting of Council**

## 4. Public Question Time

Public question time gives any member of the public the opportunity to freely ask a question on any Council related matter.

Answers to questions will be given immediately if possible, or taken “on notice” if an ‘on the spot’ answer is not available.

In accordance with the Local Government Act questions on notice must be provided at least 7 days prior to the Ordinary Meeting of Council at which you a member of the public would like a question answered.

Asking a question is easy and members of the public are encouraged to ask any question they have (limit of two (2) questions per person per meeting).

Prior to the commencement of an Ordinary Meeting of Council, the Mayor approaches the public gallery and requests that those who would like to ask a question during public question time indicate at that point they would like to do so and give the Mayor their name.

A short instruction sheet outlining the Glamorgan Spring Bay Council procedure for asking a question during Public Question Time will be provided at the Ordinary Meeting of Council to assist members of the public on how to do this. Public question time can be a maximum of 15 minutes only.

### 4.1 Mr Julie Connaughton (Question Taken on Notice)

*Thank you Mr Mayor. When a customer writes or e-mails into the Council you have certain protocols in place to acknowledge written requests or enquiries within 2 working days, is that correct and where necessary provide a response within 14 working days? I placed something on the agenda and at this stage have not received a response from the Councillor concerned at all and I refer to this letter of the 15<sup>th</sup> March and that was for Cllr Wisby from the February Council meeting and I have not received any correspondence from her or Council at this stage. Is that the normal protocol for Council or am I wrong?*

#### Response from Mayor

*I will try and answer the best way possible. The individual you are referring to is absent as you can see and obviously it will be placed on the next agenda and my personal view for what it is worth, not necessarily Council's is that it is probably a matter outside Council, but that's my personal view and we'll put it back on the agenda. Hopefully the Councillor will be here or speak to you prior to the next Council meeting.*

#### Cllr Wisby Response

*Apologised for the delay. Will provide a response.*

RECEIVED  
13 APR 2018

BY: .....

Dear Mr Mayor

I refer to my letter dated 15<sup>th</sup> March 2018 which was placed in the Agenda for the Council meeting held on 27<sup>th</sup> March 2018.

I put my question in writing at the request of Councillor Wisby from the February Council Meeting and it is disappointing that she has still not answered my question. The question asked was straight forward and I cannot understand why there has been no response.

It is now 2 months since the question was originally asked. I would assume that the following policy also relates to Councillors as they are an integral part of "Council". Councils Customer Service Policy on your website states:-

***When a customer writes or emails***

*We will acknowledge all written requests or enquiries within two (2) working days and where necessary provide a response within fourteen (14) working days. Our response will be either in full, or an update on the item outlining the name of the person handling the matter. Such acknowledgement may be by telephone or in writing as appropriate. All correspondence will be as prompt as possible, courteous and written in plain English.*

I again raise the question:-

*"Why did you say in a local pub that my sisters house in Inkerman Street was sold for the value of unpaid rates, before it went on the open market, and you were going to bring it up at the next Council meeting?"*

Again, I request an answer from Cllr Wisby to my question and that this letter be placed in the Agenda under public question time.

Regards

Julie Connaughton  
13<sup>th</sup> April 2018

#### **4.2 Mr Paul Carswell**

*I would like ask what is your opinion about the impact on locally owned and operated businesses in regards to the Cambria Green Estate?*

#### **Response from Acting Mayor, Cllr Cheryl Arnol**

*That is a question we would have to take on notice Mr Carswell. The matter is still being considered by Council and is currently in a public exhibition period. It is something we would truly have to take on notice I'm sorry.*

#### **4.3 Ms Anne Held**

- i. *So with regard to the Specific Area Plan for the Cambria Green Estate that was lodged by Cambria Green Agriculture and Tourism Development Pty, which you as Council initiated last month on the 24<sup>th</sup> April, my question is prior to making the decision on that proposal how many of you actually read thoroughly all of the documents and reports to consider the decision to initiate? What was the criteria for initiating the decision?*

#### **Response from Acting Mayor, Cllr Cheryl Arnol**

*The reports that were made available to Council and were available to us in the meeting were in the agenda. There were two that were provided at that time. When the plan was initiated to public exhibition then all the documents were available to both the public and the Council. The public now has the opportunity in this public exhibition period to review all of the documents that were made available.*

#### **Response from Cllr Jenifer Crawford**

*I would like to answer that. I actually read all bar three because they were available before that Council meeting but the three that weren't available to me I asked the planner for those and he said that the applicant said I did not need those three for the actual rezoning part.*

- ii. *Given that can I ask the Councillors what criteria you used in making the decision to initiate the Specific Area Plan proposal?*

#### **Response from Acting Mayor, Cllr Cheryl Arnol**

*The criteria in relation to how we came to the decision to initiate it? I need to remind the members of the public that this is not a debate session. We technically can't debate anything. I can't in effect ask every Council to respond to you. There is a very distinct process in relation to SAP. Council went through that process to initiate the plan to get it to public exhibition. At the end of the 42 day period all representations will be considered by Council via a further report from our planning officer and at that point Council will need to make a decision taking account of all the representations and the legislation that prevails at the time, we will need to make a decision as to whether we are going to send the plan to the Tasmanian Planning Commission, who will make the ultimate decision in relation to whether the SAP meets the objectives of the State planning provisions and/or is able to be approved.*

#### 4.4 Ms Stevie Davenport

- i. *Given that I found the proposed SAP enormously complex, I'm wondering whether Councillors are aware if this were to go ahead it would effectively remove most regulation on planning for that region?*

#### Response from Acting Mayor, Cllr Cheryl Arnol

*My understanding at the moment, and I can be corrected by the General Manager, but my understanding is that many of the projects that they want to undertake on that property are currently allowable under our current planning scheme. They don't require a SAP do what they want to do. They are discretionary use on that property. And I do take your point it is very complex and that is why I think it is really important that we go through this public exhibition period. It is really important for Councillors to get further information. It is really important for the community to get further information in relation to it. So yes I agree totally it is a very complex matter.*

- ii. *Given the complexity of the SAP and the potential for much less regulation on what might happen on the land, who do you see and what body do you see as being in a position to provide any regulation? It's possible that the development might be nothing like what has been proposed already. Who is the regulator in that case?*

#### Response from Acting Mayor, Cllr Cheryl Arnol

*It will have to come through a development application process. It will come through the normal planning scheme, development application process. So once hypothetically the SAP is approved by the Tasmanian Planning Commission then there will need to be a development plan done for the property. Which will then come under the umbrella of the State planning provisions and under our planning scheme. Council as the planning authority or the Tasmanian Planning Commission if there is an appeal against the Council decision.*

#### 4.5 Mrs Jenny Churchill

- i. *I would like to request please that Council consider giving the small group from the community an hour of the Council's time as you have given to the proponents and the planners. I think that is only fair and we will work in with you.*

#### Response from Acting Mayor, Cllr Cheryl Arnol

*Absolutely Mrs Churchill, you will not get any argument from your Councillors seated at this table tonight at all. We actually did flag that as something that we could do as part of this representation process. Yes I don't have a problem with that and I'm sure my fellow Councillors would agree with me. What we will do is do it within the 42 day representation period so that you then have a chance to put in your representation.*

- ii. *We know that there is no DA that is obvious. We know that the masterplan concept is a concept and so it is fine to say that everything will come in under planning but there is no control once the SAP goes through about what DA that developer will put in. It could have nothing to do with the masterplan and I think you all know that that's true.*

## Response from Acting Mayor, Cllr Cheryl Arnol

*We've done SAP for other areas, for example the Spring Bay Mill and for Solis and they all have development applications around those SAPs, so there is a development application process within the SAPs.*

### 4.6 Mr Rob Churchill

- i. *If I may I wanted to direct my question directly to Cllr Woods. At the meeting on the 24<sup>th</sup> April Cllr Woods spoke very strongly against SAP initially and then in that meeting there was a sudden turn around or there appeared to be. A sudden turn around in your decision and you decided to vote for the SAP and indeed I believe you put the motion for the SAP. I was wondering if you could explain your sudden change within that meeting when really there was no added information given to you after you initially spoke?*

## Response from Cllr Jenny Woods

*Thank you Mr Churchill and yes I can answer that through you Acting Mayor Arnol. Throughout the meeting and as stated at the meeting I came in with an open mind and I listened to fellow Councillors around the table and yes I did say strongly that I wouldn't support it. When the Planner then spoke about further information and that by supporting the recommendation to start the process, which is basically what it was, by doing that we were going to have more information and that was the reason why. The only information we've had is what everyone else has had but with changing my mind and going to support it. I then thought and my belief was that there would be further information for everyone to get. Not just Councillors but everybody who has concerns with regards to Cambria Green and that's why I changed my mind.*

- ii. *As follow-up to that can I reasonably ask if that information has been given to you and your period that you had to consider this SAP was basically four working days. Did you have time in that period to talk to people who might be planners, who had the ability to guide you through your decision making?*

## Response from Cllr Jenny Woods

*No I didn't speak to a planner with regards to it, it was just a decision that I made at that moment given it was about being able to have more information available to everybody. That's the reason why I did the major turn around. That's the only thing I can say to your question.*

## Response from Acting Mayor, Cllr Cheryl Arnol

*Just to intervene here, one of the things that we did talk about and you may recall from the meeting is that by putting it out to public exhibition it did give the community the opportunity. Originally the planner's recommendation was minimum of 28 days. As a Council we took the view that 28 days simply wasn't long enough to give people the opportunity to look at all the documents that are available. There are about fifteen I think from memory. I know there are two A4 binders full. So we agreed on a 42 day period and that was to give everybody as I said earlier – Council, community the opportunity to actually review everything prior to us.. This is the first part of a very complex matter and very first part of a complex planning process. This 42 day exhibition period gave us as a Council and the community to see what was being planned there and the community could then put in their representations. Everyone who has communicated with me via e-mails I have encouraged them to put in their representation so that your concerns as a community can be addressed through our planning process. That's why I voted for an initiation of the period was to start the process, start the community consultation process in relation to it.*

#### **4.7 Mr Colin Stevenson**

- i. *How long has the General Manager, the Mayor and the Councillors known about the Cambria Estate SAP?*

#### **Response from Acting Mayor, Cllr Cheryl Arnol**

*As a Councillor, we learnt about it in our agenda. Staff would have had the application and been assessing that to present it as a report to Council but I'm not sure how long prior Mr General Manager?*

#### **Response from General Manager**

*I can certainly state that we knew about it probably two years ago but we know about a lot of developments two years ago. There is a formal process that has to be gone through and that's initiating this formal process and that is what Council agreed to. There is a lot of conceptual work that is done to tell them what reports they need. We encourage developers to come to GSB to get guidance on how to lodge applications.*

#### **Response from Cllr Jenifer Crawford**

*I would like it to be made known publicly that when the General Manager says "we knew about it" that was actually staff. I certainly as a Councillor did not know about it until four days before. I want to make that really clear. Thank you.*

- ii. *Just to get the process clear in my mind, why couldn't there be public consultation prior to initiating the SAP? Why couldn't it be open for public discussion we would then obviously influence Council's decision on whether to initiate it or not?*

#### **Response from Acting Mayor, Cllr Cheryl Arnol**

*I suspect that would be something that would be a decision of the developer not the Council so if the developer chose not to go to any kind of consultation and not to put it out there, that's the developer, that's the property owners' prerogative. As a Council we can't force them to do that sir.*

#### Council Governance

Council meetings are being conducted monthly with special meetings being called by the Mayor or Councillors when required. Council meetings are usually held on the fourth Tuesday of the month and commence at 5.00pm. Generally workshops are scheduled on the second Tuesday of each month and on the day of a Council meeting, unless otherwise required. The May Council meeting is on Tuesday 22nd at 5.00pm in Triabunna.

Live Streaming of meetings is progressing well since commencing in November 2017. From November 2017 to March 2018 an average of 14 people per month have viewed the Council meeting live online via the YouTube platform as the meeting took place. The total number of views for each meeting video on YouTube as of 16<sup>th</sup> May 2018 is.....

26 September 2017	128 views
24 October 2017	44 views
28 November 2017	56 views
12 December 2017	78 views
9 January 2018	93 views
30 January 2018	175 views
20 February 2018	165 views
27 February 2018	348 views
27 March 2018	97 views
24 April 2018	106 views

#### Medical Services

Council operates administration services for the Bicheno General Practice and Dr Winston Johnson in Triabunna.

#### Corporate Services

Review of Council reporting underway. Several Long Term reports need updating. Will be presented to the June 2018 meeting and workshopped in advance. Slightly delayed because of delays in receiving audited reports and workloads. Budget deliberations and preparation has commenced for the 2018/2019 budget.

#### Cash and Investments

Cash and Investments at the end of April 2018 were \$1,208k against March 2017 \$721k, March 2016 \$1,649k and March 2015 \$1,292k. Considering the level of capital works carried out in the last five years, and the transfer of cash to enable the purchase of the new Council offices in Triabunna (settled on 20<sup>th</sup> December 2013), and the building of the new emergency services building in Swansea (completed in 2016), it is a pleasing result. This has caused a cash drain of over \$2 million whilst other capital and new works have been above the KPI set by the audit office. Surplus properties are being placed on the market. A contract for purchase has been received for the old SES building in Swansea. The block at Harvey's Farm Road Bicheno will be transferred to the State Government for valuation. Short term borrowings as in previous years may be required until our first rates are received in the new financial year.

### **‘Community Connect’ Sessions**

In discussion with the Mayor and Deputy Mayor, it was decided last year to reintroduce the “Community Connect” sessions that the former Mayor and I conducted in the community. However, these will be on a less formal basis than before and will occur every two months in different towns.

It is proposed that the next session will be held in Swansea, in conjunction with the Swansea Chamber of Commerce and Tourism. This is proposed for **June 6<sup>th</sup> at 6pm at the May Shaw Health and Welbeing Centre, Swansea.**

## Human Resources

Our Human Resource consultant has commenced work with the management team on developing a new performance management system for all Council workers. Some additional draft LGAT Workplace Behaviour Policies have also been reviewed and will be implemented next month. This includes a Training and Development Policy.

## Health, Safety, Other

There were three (3) lost time injuries YTD amounting to 1,241 lost time hours. There have been three (3) motor vehicle claims this year. There have been 13 workplace reported incidents YTD, 1 community incident reported YTD and there was 1 staff resignation in April.

## Incident / Accident Reporting Numbers 2013 till April 2018

**Analysis:** Incident / Accident reports for 2017 are trending as per last years.

## Incident / Accident Reporting by type 2013 till April 2018

**Analysis:** The incident / accident reporting for 2017 mirror the report types from previous years. The only identifiable trend in the reporting for 2017 is that MVA and muscle strain remains the main incident / accident area.

## Visitor Centres

Glamorgan Spring Bay Council operates three visitor centres throughout the municipal area. They are all Yellow "I" centres. Visitor numbers through the centres are up by 24% on last year to date, meaning an extra 21,160 visitors have used the network. Triabunna has seen the largest increase in visitor numbers since last October.

## 5.4 Manager Community Development & Administration – Mrs. Lona Turvey

Community Development & Administration Services

### Medical Students

Each year a group of 2nd year medical students from the University of Tasmania come to Triabunna for a week to gain, amongst other things, a better understanding of health care networks and the role of the doctor in rural communities.

Council hosted fifteen (15) medical students this year and they were welcomed to our area with a morning tea attended by Deputy Mayor, Cr. Cheryl Arnol, Cr. Jenny Woods and approximately thirty (30) members of the community.

The students had a busy programme for the week, including:-

- A familiarisation bus tour.
- A barbecue hosted by the Rotary Club of Spring Bay.
- A Spanner in the Works free health check for local men and women overseen by local General Practitioner, Dr. Geoff Davidson.
- Visits to the Triabunna Pharmacy, Spring Bay Child Care Centre, Swansea Pharmacy, May Shaw Health Centre Inc., Milton Vineyard, Prosser House Day Care Respite Centre, Spring Bay Community & Health Centre.
- Clinical sessions with Drs. Naidoo, Johnson and Byrne.
- Group forum with police, paramedics, ambulance volunteers, volunteer fire brigade officers, Royal Flying Doctor Service and Rural Alive & Well.

The programme ended with a report back to the community by the students on Friday afternoon which was attended by community members who were keen to hear about the students' week.

All students indicated that they had really enjoyed their time in Glamorgan Spring Bay and found everyone so friendly and welcoming, with some students indicating that they would really like to come back to Triabunna in the future.

Deputy Mayor, Cr. Cheryl Arnol, thanked the students for their informative presentation and wished them well in their future medical careers.

### Visit by the Governor of Tasmania

An official visit to Glamorgan Spring Bay by Her Excellency Professor The Honourable Kate Warner AC, the Governor of Tasmania and Mr. Warner took place on Tuesday, 8<sup>th</sup> May, 2018.

Attached is a copy of the itinerary for the day.

Acting Mayor, Cr. Cheryl Arnol and Cr. Jenny Woods, accompanied Her Excellency and Mr. Warner throughout the day.

Approximately seventy volunteers (70) and community leaders attended the Civic Reception held at Craigie Knowe at Cranbrook.

Acting Mayor, Cr. Arnol, gave a welcome address and Her Excellency responded, outlining the venues they had visited during the day and expressing their thanks and appreciation to all who had been involved.

## Reclink Youth AFL Football League

The first Reclink matches for 2018 will be held on Tuesday, 29<sup>th</sup> May at the Campania Football Oval.

Tasman, Campania, Bothwell, Oatlands and Triabunna schools will be participating.

## 'The Dame' – May Shaw Health Centre Inc.

A concert, sponsored by Council, featuring Mervyn McGee alias 'The Dame' will be held on Thursday, 7<sup>th</sup> June at the May Shaw Health Centre Inc.

These concerts are really well received by the residents of the May Shaw and they love to join in by singing, clapping and tapping their feet. It is amazing to see how the dementia patients come to life when they hear songs from the past.

A 2015 study by the Anglia Ruskin University in Cambridge examined the impact of music therapy on dementia patients and found that it improved participants' dementia symptoms and general sense of wellbeing, while also leading to a decline in behavioural issues towards caregivers.

Music therapy has even been shown to reduce the need for some medications and reduce pain and discomfort for some residents.

## Festival of Voices 2018

The Opening Night for Festival of Voices Coastal will be held at the Tasmanian Bushland Garden on Friday, 29<sup>th</sup> June. Headlining this magnificent opening night is Aussie rock legend, Mental As Anything, performing a collection of their hits, such as *Live it Up*, *If you Leave Me*, *Too Many times* and more. Support artist is Frank Sultana with his soulful blues power-house voice.

Two hundred (200) tickets have already been purchased for this event. Buses will run from Bicheno to Buckland and one 44 seater bus has already been booked out.

## 5.5 Manager Buildings & Marine Infrastructure, Mr Adrian O’Leary

Boat Ramps & Jetties · Triabunna Marina · Council Buildings · Planning, Building & Technical Compliance when required ·

### Public Amenities and Buildings:

- General building maintenance to all buildings is carried out when required.
- **Swansea Loo with a View**  
Construction and Engineering plans for the Swansea ‘Loo with a View’ toilet facility at Jubilee beach have been finalised. All documentation has been lodged with the Building Surveyor to obtain a Building Permit. An application has been made to Tas Water for a Certificate of Certifiable works to allow for new sewerage and water connections. Unfortunately, Tas Water did not identify and subsequently notify Council of the location of the sewer main during the planning process. They now request we move the disabled accessible toilet to a different location.
- **Orford Community Hall**  
Work has commenced on the Orford Community Hall. A security fence has been installed around the construction site. The old toilet block has been demolished and the concrete foundations and slab are being prepared. Once complete the extension to the hall will include new toilet facilities including a disabled access toilet and an additional storage room and a new rear access with a disability access ramp.
- **Triabunna Wharf Wash Down Bay**  
Adjacent to the new toilet block at the Triabunna wharf Council is installing a wash down bay. Parks & Wildlife received a grant to fund this project, which when complete will enable people to wash down boots and shoes, bicycles and wheel chairs. The wash down bay will help prevent the transfer of seeds to and from Maria Island.
- **Bicheno Medical Centre**  
A fully monitored security system has been installed at the Bicheno Medical Centre. Panic alarms have also been installed for the doctor’s rooms as well as the reception area. In addition, a duress alarm has been installed at the Coles Bay medical room.
- **Triabunna Hanging Gardens**  
One of the Triabunna Tomorrow projects “The Hanging Gardens” is to go ahead with funding from the University of Tasmania. The structure is 2.4 metres high, and will be installed along the fence line around the Telstra building on the corner of Vicary and Melbourne Streets, Triabunna. The garden wall feature will enhance the streetscape along Vicary Street. The plants are to be managed and maintained by Council’s Works Department, NRM team and the Triabunna School.

## MARINE INFRASTRUCTURE:

### Boat Ramps and Jetties:

- General maintenance is carried out on Council owned boat ramps and jetties.
- **All Boat Ramps**  
Glamorgan Spring Bay Council's Natural Resource Management team have cleaned all the public boat ramps in the Municipality ready for the summer period. They have used the high-pressure steam cleaner to remove and reduce the algae growth so they will not be slippery and dangerous.
- **Swansea Swan River Road Boat Ramp**  
Council has applied to MAST for funding through the Recreational Boating Fund to replace the loading jetty at the Swan River boat ramp north of Swansea. The existing ramp jetty is badly weathered and constantly needing repair.

### Triabunna Wharf and Marina:

- Ongoing general maintenance and inspections are carried out as required.
- The Council is currently working on a preliminary port expansion plan, which will incorporate parking options and future expansion for the fishing fleet working out of Triabunna.

## Prosser River:

- **Prosser River Stabilisation Project**

The Prosser River Stabilisation Project still has some work to be done, and this will now take place in June 2018 due to relocation of equipment and materials to site. These works will include completion of the training walls, re-nourishment of Raspins Beach and final clean up around the site.

## 5.6 Manager Natural Resource Management, Ms Melanie Kelly

Natural Resource Management: Sustainability: Catchments To Coast

### Programs and Projects

*Continue to support integrated catchment management through the Catchments to Coast (C2C) program and the implementation of catchment management plans.*

#### Catchment plans

Dr Nicky Meeson is working on the review of the draft Prosser Catchment Plan in consultation with the relevant stakeholders. Short 'stories' about the catchment from various stakeholders and locals are starting to be received to be included in the plan.

#### Bushwatch

##### Illegal firewood harvesting

The NRM Committee is waiting for a response following correspondence to various relevant state Minister regarding this issue. Our recent Bushwatch meeting of the NRM Committee was attended by Constable Marita Osborne from State Community Policing Operations Support to discuss the illegal firewood and other Bushwatch issues such as rubbish dumping.

#### Catchments to Coast

As noted last month, reporting to NRM South for the Australian Government has been completed. However, staff still have to undertake a number of tasks in relation to the completion of the National Landcare Program (NLP) V1. This includes site visits and interviews with staff and a monitoring, evaluating, reporting and improvement workshop at the end of May with regards to NLP V1 as a whole, not just this financial year. This is a good opportunity to acknowledge successes and identify areas for improvement for potential future projects. Details of the National Landcare Program (NLP) V2 have not yet been released by the Australian Government.

#### Coast to Coast Conference 2018

Three staff members attended the Coast to Coast Conference which was held in Tasmania this year. This was an excellent opportunity to participate in workshops and learn from and be inspired by speakers from across Australia and New Zealand.

#### *Continue to implement the GSB Weed Management Plan.*

Response to requests for advice and support around weed issues is ongoing.

Additional priority weed control work along the State Growth network in the municipality is almost complete. Final invoicing to be completed this month.

*Continue to be involved in and seek funding/resources from regional, state and national NRM programs.*

Ongoing

Planning is in process for the 'Science Stories VR Roadshow' event. So far Tassal have expressed interest in participating and other exhibitors are being approached.

*Ensure that Council continues to meet relevant NRM legislative obligations and communicates this to the community via newsletters and other forums.*

Ongoing including participation in the statewide planning scheme as it relates to the management of natural resources.

*Continue to support the GSB NRM Committee as a key link between Council and the community on NRM issues, as well as supporting other community groups with NRM objectives.*

GSB NRM Committee meeting no.59 was held on Wednesday 9<sup>th</sup> May 2018 at the Swansea Town Hall. The next Committee meeting will be held on Wednesday 8<sup>th</sup> August 2018 in Bicheno.

The GSB NRM team continues to provide support to other community groups including the Bicheno Earth and Ocean Network, the Friends of Rocky Hills, the Dolphin Sands Ratepayers Association (DSRA), the Swanwick Association, Friends of Triabunna Reserves, the Bushland Gardens Committee and the Orford Community Group (OCG) as well as individual volunteers.

The Bookend Trust has recently launched a new project called 'Nature Trackers' and their first citizen science project is called 'Where Where Wedgie'. This will involve a Wedge Tailed Eagle survey across Tasmania on Friday 25<sup>th</sup>, Saturday 26<sup>th</sup> & Sunday 27<sup>th</sup> May. The Bookend Trust is inviting as many people as possible across Tasmania to participate in the survey on one or more days and join in finding out the number and distribution of Wedge Tailed Eagles and other raptors in the state. It is hoped that two NRM staff may be able to participate in the survey on the Friday.

We were pleased to be able to support the Bookend Trust team by helping them to arrange and promote their Where Where Wedgie workshop in Glamorgan Spring Bay. The workshop was held on Saturday 5<sup>th</sup> May in Swansea and was attended by 18 people. For further details visit [www.naturetrackers.com.au](http://www.naturetrackers.com.au)

*Continue to work and develop partnerships with Parks and Wildlife Service, Crown Land Services, TasWater, DPIPWE, Department of State Growth, service providers, contractors and other agencies with regards to NRM values on public land.*  
Ongoing follow up with a number of agencies regarding weed issues and management for special values.

Discussions underway with Crown Land Services regarding a more cooperative and strategic way forward with regards to managing Crown Land across the municipality.

*Continue to participate in a range of climate change mitigation and adaptation initiatives, including the implementation of the Climate Change Corporate Adaptation Plan (CCCAP).*

#### Communities and Coastal Hazards Project

The working group (April) meeting was postponed.

#### Cities Power Partnership

First meeting with Tasmanian partner CCP Council (Huon Valley) was held. Other Tasmanian Councils have signed up and initial discussions around joint initiatives are underway.

*Continue support for annual community events such as National Tree Day, Clean Up Australia Day, Tidy Towns as well as other markets, festivals and school activities.*  
Ongoing.

NRM Works Coordinator assisted Friends of Rocky Hills with their recent Clean Up Australia Day event. Over 40 bags of rubbish were collected.

*Continue to work with Council's Regulatory Services Department to ensure that development assessments strive to meet Triple Bottom Line Principles.*  
Ongoing input into Development Applications as required.

*Continue participation and development of sustainability initiatives, in particular energy use, sustainable waste management, community gardens, both for Council and the community.*

Alternative options for cardboard recycling are being investigated as it is not likely in the short term that collection is an option in the current climate.

*Develop systems and capacity to protect and enhance Aboriginal Heritage values whilst building relationships with the community.*

Ongoing

*Continue to work with Council's Works Department, community and other relevant agencies in the strategic management of Council owned, leased and licensed public reserves, with a particular focus on the protection of natural assets through the implementation of vegetation management plans for reserves in each town.*

Ongoing.

Fire management activities have commenced in sections of the Orford Coastal Reserve. Dumping of garden waste on coastal reserves continues to be an issue with a report to Council to be prepared outlining a strategic response going forward.

*Development and implementation of action plans, strategies and policies in consultation with relevant sections of Council and other key stakeholders. In particular the Native Flora and Fauna Management Plans, Weed Management Plan and Catchment Management Plans.*

Ongoing.

Research into the establishment of the Pulchella Community Nursery is ongoing.

*Continue to initiate, encourage and participate in skills development and training opportunities, and make these available to community whenever possible.*

## 7. Officers' Reports Requiring a Decision

### 7.1 Swansea Branch, CWA in Tasmania Inc.

**Responsible Officer – Manager Community Development & Administration**

#### **Background**

An application has been received from the Swansea Branch, CWA in Tasmania Inc, seeking funding of \$1,000 under the Community Small Grants programme towards the cost of purchasing a defibrillator.

The CWA would like to purchase an additional defibrillator for the Swansea area, possibly being housed on the verandah of the Swansea Bowls Club, encompassing the 'sporting precinct' of Swansea. The sporting precinct includes the Swansea Bowls Club, Golf Club, Football Club, Cricket Club and Little Athletics. These organisations have also been invited to help fund raise.

The cost of the project is approximately \$3,000, including installation. There are also on-going maintenance costs, for example, battery replacement and tuition.

The Bendigo Bank is contributing \$1,000 and the CWA will contribute \$200.

#### **Statutory Implications**

Not applicable

#### **Budget Implications**

A total of \$20,000 has been allocated in the budget for the Community Small Grants Program, of which \$12,533 remains.

#### **Recommendation**

That Council approves a grant of \$1,000 to the Swansea Branch, CWA in Tasmania towards the cost of a defibrillator.

#### **Decision: 56 /18**

Moved Cllr Mick Fama, seconded Cllr Richard Parker, that Council approves a grant of \$1,000 to the Swansea Branch, CWA in Tasmania towards the cost of a defibrillator.

**The motion was put and carried unanimously

## 8. Miscellaneous Correspondence

### 8.1 Thank you letter from Her Excellency the Governor Professor the Honourable Kate Warner AC

HER EXCELLENCY THE GOVERNOR  
PROFESSOR THE HONOURABLE KATE WARNER AC

9 May 2018

Councillor Cheryl Arnol  
Acting Mayor of the Municipality  
of Glamorgan/Spring Bay  
PO Box 6  
TRIABUNNA TAS 7190

Dear Cheryl,

Thank you so much for hosting such a wonderful visit yesterday to Glamorgan/Spring Bay. Dick and I very much appreciated the time that you, Councillor Jenny Woods and staff took in organising and ensuring that the visit went so smoothly.

We appreciated the briefing you gave us about the main problems facing the municipality and we very much enjoyed meeting and engaging with such a broad cross-section of organisations and businesses.

We would also like to thank you for the beautiful Huon Pine platter - too stunning to be a chopping board, I think!

Yours sincerely,

*Kate Warner*

Governor
