ORDINARY COUNCIL MEETING AGENDA

TUESDAY 27 AUGUST 2024

2:00 PM

Council Chambers, Triabunna

ACKNOWLEDGEMENT OF COUNTRY

The Glamorgan Spring Bay Council acknowledges the Traditional Owners of our region and recognises their continuing connection to land, waters and culture. We pay our respects to their Elders past and present.

NOTICE OF MEETING

Notice is hereby given that the next Ordinary Council Meeting of the Glamorgan Spring Bay Council will be held at the Triabunna Council Offices on Tuesday 27 August 2024, commencing at 2:00 pm.

QUALIFIED PERSON CERTIFICATION

I hereby certify that, in accordance with section 65 of the *Local Government Act 1993*, any advice, information and recommendations contained in the reports related to this Agenda have been prepared by persons who have the qualifications or experience necessary to give such advice, information and recommendations.

Dated this Thursday 22 August 2024

Greg Ingham
GENERAL MANAGER

IMPORTANT INFORMATION

- As determined by Glamorgan Spring Bay Council in April 2017, all Ordinary and Special Meetings of Council are to be audio/visually recorded and streamed live.
- A recording of the meeting will be available via the link on the Glamorgan Spring Bay Council website following the meeting.

In accordance with the *Local Government Act 1993* and Regulation 33, these video/audio files will be retained by Council for at least 6 months and made available for viewing live, as well as online within 5 days of the scheduled meeting. The written minutes of a meeting, once confirmed, prevail over the video/audio recording of the meeting.

7 INFORMATION REPORTS

7.1 Director Works and Infrastructure - Peter Porch

Asset Management; Roads, Bridges and Footpaths; Stormwater; Waste Management; Public Amenities; Parks, Buildings, Marine Infrastructure, Reserves and Walking Tracks; Cemeteries

PURPOSE

This report provides information on the ongoing tasks of the Department in relation to Asset Management; Roads, Bridges and Footpaths; Stormwater; Waste Management; Public Amenities; Parks, Buildings, Marine Infrastructure, Reserves and Walking Tracks; and Cemeteries.

OFFICER'S COMMENTS

ASSET MANAGEMENT

Asset Management practice is the strategic driver for the activities of the Department and is partnered by works that operate to maintain essential services to the community.

July sees the completion of the previous financial year accounts for the capital works program. This signifies the final collection of details for that year for all found, donated, constructed new and renewed assets. Ten individual staff/contract positions contribute individual skill sets through this period. Works and Infrastructure and Corporate and Community staff work closely with our contracted asset specialists who manage the software and provide financial statements for the major asset classes of roads, hydraulics and such.

Deadlines for collating and interpreting the details for this activity are tight and require close coordination of all involved to minimise errors, omissions or duplications which may materially over or understate the financial position of council's assets.

CONSULTANT SERVICES

Consultant services are required to deliver specialised services to Council for a range of generally short-term requirements. Current consultant activities comprise:

- Asset Data specialist consultants
- Project Management
- Design
- Fire assessment Dolphin Sands area

OPERATIONAL WORKS

ROADS, BRIDGES, FOOTPATHS, KERBS

Unsealed Road Maintenance

- 3 roads inspected during July
- Maintenance grade of Wielangta Rd - completed.

- Old Coach Rd (Cranbrook) maintenance grade - completed.
- Maintenance grade Grange Rd (Swansea) - completed
- Maintenance grade Rheban Road (Rheban) - completed
- Small Swansea unsealed streets maintenance grades – underway
- Closure and re-opening of multiple roads due to flooding numerous times
- Roadside spraying of sealed and unsealed roads- ongoing

Sealed Road Maintenance

- Cold mixing of potholes across the municipality- Ongoing across municipality- approx. 10 tonne of cold mix placed for July.
- 7 X box outs of base failures in Swansea- Box outs completed, resealing being scheduled
- Box outs Kent St, Buckland - planned for August 2024
- Swanston Rd bridge (Little Swanport), replace 16 decking boards- contractor appointed
- Street sign survey of Buckland/Orford/Triabunna and surrounding areas- signs have arrived, to be installed August.
- Installation of traffic calming devices corner of Boyle St and Esplanade East, Triabunna - completed

STORMWATER, DRAINAGE

- Open drain and culvert/cross over maintenance- ongoing across municipality
- East Shelly Rd(Orford) Ag drain installation due to water ingress to road pavement- completed
- Cleanout of Raspin Beach waterway adjacent to caravan park- PWS and Cultural heritage approval has now been received – works completed

PARKS, PLAYGROUNDS, RESERVES, WALKING TRACKS, CEMETERIES

- 14 playground inspections conducted
- Walking track between Erica Crt and Riverside Drive (Orford) re-sheeting- awaiting new grated pit.
- Installation of new underground power supply at Lions Park, Bicheno- underway
- East Shelly and West Shelly walking track maintenance ready for Orford Winter Challenge- 90% completed
- Replenishing of soft fall in Coles Bay, Swanwick, Bicheno and Swansea playgrounds- commenced

- Cape weed spraying across the municipality- 85% completed
- Topsoil dressing/seeding and install park bench at Gordon St, Swansea boat ramp reserve- underway
- East/West Shelly walking track maintenance for Orford Winter Challenge- completed
- Quantified tree risk assessment process (QTRA) – 2 X QTRA completed for July.

BUILDINGS & MARINE INFRASTRUCTURE

- Marina manufacturers inspection and maintenance programmed
- Mariners Memorial Triabunna Marina area tidy up painting scheduled for pre-October
- Jetties and Marine structure maintenance report items scheduled for repair in early spring
- New leases issued for Marina Berths. Document updated to reflect conditions at other marinas and provide more effective clauses for managing non-compliances
- Powerboard audit commenced. Non-compliant boards being replaced progressively.
- Eldercare unit inspections scheduled
- Alarm system monitoring contract reviewed – new contractor appointed. Changeover complete.
- Community shed Swansea new container footings installed ready for container being provided by Community shed committee.
- Various meetings with building committees to determine future upgrade requests reveals little understanding of council’s capital works budget process. Education of committees will be ongoing and needs to be consistent across all buildings managed by committees.
- Painting scheduled for water ingress management at Museum and Hall in Swansea.
- Estimates being prepared for Triabunna Recreation ground buildings and facilities.
- Lights in Swansea football club toilets upgraded.
- Assisted Buildings valuer with inspections to inform building revaluation report

- Unemployed Gully, Nugent Rd(Buckland), re-decking- contractor appointed
- Ferndale Rd bridge(Bicheno)- replace condemned timber piles- developing specification for tender
- Quotations received for kerb works to Bluff Court Spring Beach

Grant funded

Generally the grant funded projects are experiencing delays as consultation with major stakeholders is slower to progress than anticipated:

- Stage 2 of the Coles Bay Foreshore trail commenced. Works anticipated to be complete within 6 months as elevated sections are fabricated off site.

- The Gulch walking trail sections construction materials ordered, contractor scheduling a start date after completion of Coles Bay works noted above. Car park sealing awaiting warmer weather.
- Coles Bay Hall Annex – Building permit application lodged.
- Triabunna Tomorrow streetscape design brief RFQ's invited.

PLANT AND VEHICLES

- 80% of replacements tendered, reviewed and ordered
- Grader tenders invited

GENERAL

- Subdivision conditioning, inspections and developer liaison continues to manage the process from first enquiry through construction to donation of assets including spatial and financial data capture.

RESERVE BOOKINGS AND ROAD CLOSURES

Road closures for the events noted will be carried out under section 19.1(a) of the *Local Government Highways Act 1982* requiring consultation with the Commissioner of Police:

- Orford Winter Challenge- 17th and 18th August
- Freycinet Challenge 5th and 6th October
- Bicheno Food and Wine Festival 16th November

RECOMMENDATION

That Council notes the information.

8 OFFICERS' REPORT REQUIRING A DECISION

8.1 Township Structure Plans and Consultation Report for Adoption

Author: Senior Planning Consultant (Town Planning Solutions Pty Ltd)

Responsible Officer: Director Planning and Development (Alex Woodward)

ATTACHMENT/S

1. Orford Triabunna Structure Plan
2. Swansea Structure Plan
3. Bicheno Structure Plan
4. Coles Bay Structure Plan
5. Glamorgan Spring Bay Structure Plan Review – Consultation Report

PURPOSE

The purpose of this Agenda item is for the Council to consider adoption of the Consultation Report and Structure Plans for Coles Bay, Bicheno, Swansea, and Triabunna/Orford.

BACKGROUND/OVERVIEW

Structure Plans guide the future use and development of the local area for the Council and community. They provide a blueprint for future land use and development changes and can guide revisions to the planning scheme through zoning, overlays, and specific provisions.

The existing Structure Plans were prepared in 2014 to 2016 to provide direction for the following ten years. These documents required revision to ensure they respond to recent trends and the future of the area and reflect more recent changes in the planning system, including the changes in residential settlement and tourism demand, the Tasmanian Planning Scheme and the policy framework established through the yet to be adopted draft Tasmanian Planning Policies.

The Structure Plans consider population trends, community needs, local planning context, economic drivers, development trends, and land use demand and supply. The structure plans will also support the upcoming review of the *Southern Tasmania Regional Land Use Strategy* that provides regional level direction for development, zoning and settlement strategies across the southern region.

The role of Structure Plans changed to become focussed on land use issues, following reforms to the planning system over the last 10 years that build the long-absent strategic planning program of the State. These include the following:

- Implementation of the Tasmanian Planning Scheme, as applies through the Glamorgan Spring Bay area;
- Development and assessment of the Tasmanian Planning Policies, which are currently with the Minister for Planning for determination following assessment by the Tasmanian Planning Commission; and

- release of *draft Structure Planning Guidelines* (Guidelines) in December 2022 (available from the Planning Reform website [here](#)).

The population of Glamorgan Spring Bay increased beyond predicted growth forecasts over the period from 2018 to 2023, consistent with the rest of Tasmania.

The Council engaged ERA Planning and Environment (ERA) to review existing Structure Plans for Bicheno, Coles Bay, Swansea, and Orford/Triabunna, and prepare updated plans that respond to recent and expected changes.

ERA completed the following to inform development of the draft Structure Plans:

- A review of the existing structure plans;
- Initial consultation with key State Agencies and stakeholders in State and the community;
- A State of Play Report and extensive engagement program, including workshops in Orford, Triabunna, Swansea, Bicheno and Coles Bay to inform the review and development of the draft Structure Plans;
- Workshops with Councilors on the draft Structure Plans;
- An extensive consultation period between Monday 10 May until Monday 17 June 2024, with an online survey, in person meetings and workshops on each of the draft Structure Plans;
- A workshop in July 2024 with Councillors on the consultation outcomes for each Structure Plan and the draft Consultation Report; and
- The final versions of the Consultation Report and each Structure Plan.

The existing Structure Plans, an overview of this project and the State of Play and Consultation Reports are available [here on the Council website](#).

STRATEGIC PLAN REFERENCE

Structure Plans have a significant influence and impact on the achievement of the Council's Strategic Plan objectives to grow a sustainable population, improve housing affordability, enhance, maintain and protect the various assets of the municipality, diversify and support a local economy and preserve the natural environment. Strategic Plan focus areas include:

Guiding Principles

1. Balance economic and tourism growth with preserving our lifestyle, celebrating our rich history and protecting the region's unique and precious characteristics.
5. Ensure that our current expenditure and ongoing commitments fall within our means so that rates can be maintained at a manageable and affordable level.
7. Communicate and explain Council's decisions and reasons in an open and timely manner.

Key Foundations

1. Our Governance and Finance

What we plan to do

- Set realistic budgets and monitor income and expenditure closely.
- Advocate and lobby effectively on behalf of the community.

STATUTORY IMPLICATIONS

There are no statutory requirements for consideration of amendments to the Structure Plans.

BUDGET IMPLICATIONS

Strategic planning for the future of settlements forms part of Council's operational budget.

RISK CONSIDERATION/S

Risk	Likelihood	Consequence	Rating	Risk Mitigation Treatment
Adopt the recommendation	Possible	Minor	Low	Extensive consultation has been undertaken throughout this process and individuals may still lodge a scheme amendment application.
Specific developers/landowners disagree with recommendations contained with the Structure Plans.				
Do not adopt the recommendation	Possible	Moderate	Moderate	Review and resubmit draft Structure Plans to future meeting for endorsement
Project stalls, potential implications for joint funding from State.				

OFFICER'S COMMENTS

The Structure Plans focus on the major settlements of Orford, Triabunna, Swansea, Coles Bay and Bicheno, with smaller settlements such as Buckland not identified at this time for structure planning. The existing Structure Plans were developed with a wider focus and document a broad range of aspirations for each of the communities.

Each structure plan includes:

- A summary of the community engagement outcomes;
- An overview of the key issues for each plan, including housing, population, industry and employment, infrastructure and connectivity, social infrastructure and services, environment and landscape;
- A strategic overview of the drivers of change for each area, such as the issues and consequences for population and demographic change, the visitor economy, housing issues, climate change, opportunities and challenges;
- The key planning issues for each area and Structure Plan,
- A response to key land use directions that relate to the future planning for each area, including specific recommendations for actions or investigations on zoning, business and industry and tourism; and
- Key supporting actions that will assist with delivery of the land use directions for each area on issues such as place branding, open space, active connections, public space and facilities and infrastructure.

An implementation program will be developed for each Structure Plan following their adoption.

The consultation sessions for the draft Structure Plans were very well attended and resulted in changes to the discussion, planning principles, priorities, land use directions and supporting actions for each Structure Plan.

Following completion of the development and review process for the Structure Plans, and the revisions in response to community consultation and councillor workshops, it is appropriate that the final Structure Plans are considered for adoption by the Council.

A recommendation was provided to adopt the final versions of the Consultation Report and Structure Plans for Coles Bay, Bicheno, Swansea, and Triabunna/Orford.

OFFICER'S RECOMMENDATION

That the Council adopt the August 2024 versions of the following documents as provided in attachments 1 through 5 to this report inclusive:

1. Orford Triabunna Structure Plan
2. Swansea Structure Plan
3. Bicheno Structure Plan
4. Coles Bay Structure Plan
5. Glamorgan Spring Bay Structure Plan Review – Consultation Report

8.2 Southern Tasmanian Councils Authority Membership

Author: Director Works and Infrastructure (Peter Porch)

Responsible Officer: Director Works and Infrastructure (Peter Porch)

ATTACHMENT/S

Nil

PURPOSE

To seek council's position on remaining a member of the Southern Tasmanian Councils Authority.

BACKGROUND/OVERVIEW

Evolving out of the Southern Tasmanian Councils Board, established in November 2000, the Southern Tasmanian Council's Authority (STCA) was established to represent the combined Southern councils as a group to facilitate and coordinate agreed regional development strategies and actions to achieve sustainable economic, environmental and social outcomes for the Southern Region. It is one of three such groups of councils in Tasmania with the Cradle Coast Authority in the Northwest and the Northern Tasmania Development Corporation for the North.

The STCA has provided benefit to council through the Regional Climate Change Initiative, which delivered councils Climate Change Plan recently adopted by council. The Authority also played an effective and important role in Southern Regional Land Use Strategy planning project over a sustained period of time.

Other functions of the STCA are:

- (a) Monitor, identify and agree on Regional development issues, strategies and priorities that are intended to progress the collective interests of the Southern Region;
- (b) Develop and promote reports, plans, programs and other actions to address agreed Regional development issues strategies and priorities;
- (c) Facilitate communications, cooperative working relationships and joint action between Members and with the State and Commonwealth Governments and other identified stakeholders to address agreed Regional development strategies and priorities;
- (d) Monitor the performance of Regional development plans, programs and actions in place including performance benchmarks and milestones;
- (e) Perform any function permitted or provided for in the Act or any other Act or in these Rules consistent with the principal objective; and
- (f) Perform any function duly granted to, or imposed on any municipal, regional or public authority by any Act or Regulation (Federal or State) with respect to local Government issues in Southern Tasmania consistent with the principal objective.

Due to significant absences in membership and a need for review to determine value and need, the STCA has been provided with a report provided by its Chief Executive Officer which considers the performance of the organisation in contrast to its state-based equivalents and poses questions for members to consider.

The report considers the current situation with the evolution of other state and local government initiatives which have evolved since the organisation inception. Also the financial performance, achievements and challenges are explored.

For funding, the authority has obtained funds for specific programs from State and Federal Government. Glamorgan Spring Bay pays an annual fee through the City of Hobart of \$2,423.64. The fee is minimal and provides council with an equal value voting right, as the authority provides for membership voting rather than a population-based formula for member voting numbers and value. This model is useful for small regional councils but not attractive to large population urban councils.

The voting equity/inequity suggests there are very different priorities for member councils. The south of the state effectively contains a number of disparate regions with the South East Regional Development Association (SERDA), of which this council is a member, reflective of the need for a body which advocates for issues of significance to this particular region and council within the south.

Membership has fluctuated over the period. Of the 12 southern councils originally involved, Glenorchy, Kingborough, Clarence and Derwent Valley councils have withdrawn from membership. This means 55.8% of the population of the southern councils' group is not represented by the authority. The advent of the Greater Hobart Act 2019 initiated a new regional body for collaboration of metropolitan councils and has drawn their interest away from the STCA as evidenced by their withdrawal from STCA, with the exception of Hobart, which is required to facilitate the STCA functionality.

The report has identified that the organisation is poorly funded compared with its northern and northwestern counterparts, which hampers its comparative effectiveness and doesn't allow the organisation to deliver meaningful value to the member councils. To make it more effective, with adequate staffing additional fees for members would have to be charged.

To make voting more attractive to larger councils a population-based voting methodology would have to be considered.

Councils have a range of objectives which are not always aligned. We represent geographically based communities, and we operate in a legislative framework which is ideologically blind to borders. This allows for collaboration between councils ideologically on matters that are not rooted in geographic outcomes. Policies, strategies and administrative constructs which can work anywhere are the outcomes that can be developed in wide collaboration.

The communities which Councils represent benefit from their being part of a recognised region which can work effectively with partners within that region to deliver results through relevant state and federal government assistance. The establishment of SERDA is a recognition of a more cohesive geographic region for this council.

Council inclusion, along with the other partners to the recent Memorandum Of Understanding with the State Government for initiatives on the East Coast, further emphasises the regionally unique common interests of the East Coast more widely with the inclusion of Break-o-Day in the Great Eastern Drive geographic area. From an economic perspective, the interests of the businesses located geographically within the Tasman Highway's arc are not the same as the general southern section of Tasmania. There are separate geographic areas which have unique economic and environmental interests to advocate for.

Council may continue to participate in both SERDA and STCA while costs remain low. Strategic planning benefits are likely to be derived from STCA and geographic benefits from SERDA. With STCA funding running at a fraction of what is required to be effective, member costs are likely to increase substantially in the future.

OFFICER’S COMMENTS

It has been recognised that there is confusion created with the advent of the Greater Hobart Committee and questions around potential expansion with some type of model to include regional councils. The Act has scope to include adjunct councils, those being councils included in the Southern Tasmanian Regional Land Use Strategy. Given the Act of parliament developed to instigate this entity it has clear priority for its required members over other competing and duplicated arrangements.

The image below shows the Greater Hobart Area which excludes any portion of GSBC:

Geographical definition of Greater Hobart

Australian Government programs define eligible areas in their [Mapping Tool](#):

This model would work for this council where initiatives are not Hobart and environ centric geographic outcome based, such as policy but overall, not necessarily better than the STCA unless it was adequately funded and requiring a greater financial contribution from member councils.

Adequate funding for the STCA for an effective regional authority is suggested to be in the order of \$1M a year combined from all funding sources.

It is timely for this council to consider if remaining a member of the STCA provides an adequate benefit to the communities we serve for the time and costs involved? While not significant, would channelling these and any future additional demand from the STCA to see it function successfully in the new environment, be better directed towards SERDA?

OFFICER'S RECOMMENDATION

That the Council:

1. write to the Chair of the STCA thanking the organisation for the work carried out on behalf of all member councils over the life of the organisation;
2. resolve to withdraw from the STCA and advise the Chair of the STCA and all other member councils that it will no longer be a member after the 30th September 2024.

8.7 Community Small Grant Application - Swansea Courthouse Arts

Author: Community and Communications Officer (Eliza Hazelwood)

Responsible Officer: Director Corporate and Community (Elysse Blain)

ATTACHMENT/S

1. Community Grant Application- Swansea Courthouse Arts [**8.7.1** - 5 pages]

PURPOSE

Recommendation for Council to approve a Community Small Grant application for \$710 to Swansea Courthouse Arts Inc, supporting the Shearwater Lantern Community project at Swansea to create bird-inspired lanterns.

BACKGROUND/OVERVIEW

Small Grant funding is available to assist the undertaking of programs and activities within the Glamorgan Spring Bay municipal area. The assessment criteria is outlined in the Community Small Grants Fund policy, including:

- Grants are restricted to \$1,000, with exceptions up to \$1,500 at Councils discretion.
- Grants are available to not for profit individuals, community organisations and groups.
- Grants are intended to assist projects that (1) address relevant community issues of significance (2) are initiated within the community and actively involve local people and (3) improve access and encourage wider use of facilities.

The project celebrates the return of migratory shearwater birds with a lantern parade on Saturday, 19 October 2024.

The organisers invite the community to join in some craft workshops then attend night time parade. Bird-inspired lanterns, crafted by community members of all ages, will light up the walk. These lanterns will be the result of six morning workshops led the organisers held between 28 August and 13 September 2024, where children and their parents or guardians work together at the Swansea Courthouse to create lantern sculptures. The project will foster community connections and engagement and offer a safe, creative, and adventurous experience for all members of the community.

The parade begins with a meet-and-greet BBQ at Jubilee Park in Swansea, followed by a walk with lanterns from 6pm that follows the foreshore footpath to Waterloo Point to hopefully view the birds. The event is carefully planned to avoid disturbing the nesting areas. Approximately 40 participants are expected, and all activities are free.

The project aims to achieve several key outcomes including highlighting the importance of shearwaters in indigenous culture, promoting cultural appreciation and awareness to assist protection of birds by educating participants about their significance. Designed to encourage intergenerational bonding, the project brings together different generations.

Swansea Courthouse Arts Inc (formerly known as East Coast Community Arts Initiative) supports artistic expression and cultural activities on Tasmania's East Coast. It fosters community engagement through workshops, public art, exhibitions, and events that celebrate local culture and enhance the region's creative landscape.

The Swansea Courthouse Arts Inc have requested a cash contribution of \$710.00 from the Community Small Grant funding towards the project.

ATTACHMENT/S

1. Grant Application - East Coast Wine Trail [8.9.1 - 2 pages]
2. East Coast Wine Trail Program 2024 [8.9.2 - 4 pages]

PURPOSE

Recommendation for Council to approve a request for \$1,000 of Event funding to provide sponsorship support to East Coast Wine Trail Association Inc for the promotion of the Great Eastern Wine Week 2024 event for production of posters and other print marketing materials.

BACKGROUND/OVERVIEW

Council periodically provides a level of financial and in-kind assistance to community events that aim to involve, engage and provide benefit to community groups within the Glamorgan Spring Bay municipality. Events supported by Glamorgan Spring Bay Council celebrate and engage local communities and promote tourism to our region. Councils ongoing support to organisations and groups assists in the delivery of events in the Glamorgan Spring Bay municipal area that have creative, community and economic outcomes

About the event and organiser

The East Coast Wine Trail Association Incorporated is a registered organisation (IA12737) that represents a collective of operators of locally owned vineyards and cellar door businesses along Tasmania's East Coast. The association promotes the region's renowned cool-climate wines and enhances local tourism by offering a unique wine-tasting experience.

The Great Eastern Wine Week is a premier event celebrating the rich wine culture of Tasmania's East Coast. Running from September 6th to 15th, 2024, this annual event invites wine enthusiasts and curious visitors alike to explore and enjoy a diverse range of local wines and experiences.

Benefits/impact on the Glamorgan Spring Bay Community

The event is open to all of the community to attend with operators charging per their own particular products and activities. The event offers benefits to the Glamorgan Spring Bay area through promoting local wineries and enhancing regional tourism. This event attracts visitors from across Tasmania and beyond, boosting the local economy through increased spending on wine, food, and accommodation.

Request for support from Council

The East Coast Wine Trail Inc is requesting Council support through Council's grant process to help produce posters and print marketing materials. This funding will be used to engage both local and interstate audiences, to boost the event's visibility and impact.
