3.1 Questions on Notice

Lyn Taylor on behalf of Bicheno Community Health Group Inc

Q1. Dear Councillors,

The Bicheno Community Health Group Inc. (BCHG) has worked in a collaborative partnership with Glamorgan Spring Bay Council (GSBC) for over 20 years, the past 6 years we worked together through a Memorandum of Understanding (MOU), agreed to in 2016. This MOU was developed after the dissolution of the previous Section 24 Committee of Council which had provided the management of the Bicheno Health & Resource Centre before the implementation of East Coast Health.

This MOU outlined the agreed position between the Glamorgan Spring Bay Council and the Bicheno Community Health Group. The BCHG believes that Council has breached these agreed conditions in two instances while the BCHG continues to meet the MOU obligations.

The two instances are that the council has refused to meet the requirement of the MOU to maintain and upgrade the facility and equipment. The Council has also refused to provide volunteer and liability insurances. The manner in which this was realised was only through the insistence of the BCHG and was untimely and highly disruptive to our usual operations.

The BCHG requests a renegotiation of the MOU with the written agreement of both parties.

We ask that this correspondence be tabled for consideration at the next meeting of GSBC on the 27th of September.

*Yours sincerely,
Lyn Taylor, Chairperson,
OBH of the Executive Committee, BCHG Inc.*

Response from General Manager, Greg Ingham

Council recognises the invaluable contribution that the Bicheno Community Health Group has provided to our community over the past 20 years. We are also committed to mitigating risk to all stakeholders. Council will continue to collaborate to improve the health outcomes for the region and are willing to meet with the BCHG to view and update the Memorandum of Understanding.

3.2 Questions Without Notice

Glamorgan Spring Bay Council will allow questions to be provided by written notice by 12 noon the day before the Ordinary Council Meeting by either emailing general.manager@freycinet.tas.gov.au or alternatively left in the post box outside the Council Chambers located at 9 Melbourne Street, Triabunna.

5pm, 22nd August 2022

- IV. **Minutes** approved as circulated.

- V. **Treasurer's Report** is endorsed. Please see attached.

The term deposit is up for renewal in September.

Full amount to be rolled over into another long-term deposit, Barb will investigate the best rate options.

Barb to also get more information from council regarding payment from the Electoral Commission for using the Hall. Should the payment go to the Hall Fund, not council?

Moved Nigel Carins, 2nd Anne Melrose. Carried.

- VI. FAI update: Supplied as a cross reference for the activities in the community. FAI held their annual Meeting in July, creating a strategic plan for the next three years.

Results have been achieved with the pathway around the foreshore returning to the originally agreed proposal.

Tas water is increasing the Reservoir, with the contractors Fulton and Hogan offering to contribute to the community. (See Hit-up Wall below)

VII. Open issues:

- a) **Grant application** - Red Tape Busters are writing the application, due 14th September 2022.

RTB need specific input from the community with letters / feedback to support:

- *Why does the community need the project?*
- *How has the community demonstrated support for the project?*
- *How many people will directly and indirectly benefit?*

Thoughts from the committee include:

It is of particular importance to the community to update the medical rooms, to achieve a degree of futureproofing for the community.

The improved facilities will help setup opportunities for fundraising, festivals, events such as tennis competitions, art exhibitions.

We can attract more school groups and others (e.g., Orienteering groups), and then further return visits with the better facilities.

The Committee members will ask for letters of support from various local businesses, previous organisers of events at the Hall, and our local community groups, such as the Mahjong group, who use the hall regularly.

- b) Catch up on:

1. **Lockable Noticeboards:** are both in place, at the Hall, and the Golf Club.

We will offer a donation to the Swansea Men's Shed to show our appreciation, and cover costs.

Moved Nigel Carins, 2nd Liz Swain. Carried.

2. **Monitor cracks in the tennis court:** Nigel has photos, to send to the secretary to keep on file

3. **Hit-up wall:** It has been suggested that Fulton Hogan donate the Hit-up wall. Plans are being drawn up for costings, to be submitted to Council and Fulton Hogan for approval.
4. **Pickle Ball:** Ten people showed up for the “Come and Try” Pickle ball afternoon. A positive response with interest in future competition. We propose buying a pickle ball net set, with four paddles and balls for indoor and outdoor play.

Moved Anne Melrose, 2nd Barb Barrett, Carried.

VIII. General discussion

- a). Key at the shop. Nigel to control the bookings, as current process.

Moved Anne Melrose, 2nd Kathryn Whitchurch. Carried.

- b). Note: Decision to not charge for Pickle Ball, if it becomes a regular event the group will do a general clean, including the bathrooms and sweep out. This is in line with our philosophy to support the community.

PURPOSE

This report provides information on the ongoing tasks of the Department in relation to Asset Management; Roads, Bridges and Footpaths; Stormwater; Waste Management; Public Amenities; Parks, Reserves and Walking Tracks; and Cemeteries.

OFFICER'S COMMENTS

Quotations have been requested, received, and reviewed for a consolidation of sundry cleaning purchases to council's amenities. ASSET MANAGEMENT

Asset Management practice is the strategic driver for the activities of the Department and is partnered by works that operate to maintain essential services to the community.

A review of the Asset Management Plans (AMP's) is required within six months of council elections. 8.2 Waub's Beach Dune Rehabilitation Bicheno

Author: Director Works & Infrastructure (Peter Porch)

Responsible Officer: Director Works and Infrastructure (Peter Porch)

ATTACHMENT/S

1. Waubs Bay Dune Project v3 1 [8.2.1 - 2 pages]
2. Sally Johns Waubs Beach report 2009 [8.2.2 - 6 pages]

PURPOSE

To provide information to council on a community initiative that conforms with councils developed plans and strategies for the area.

BACKGROUND/OVERVIEW

A small group of members from the Bicheno Earth Ocean Network (EON), would like to put into action the Waub's Bay Dune Project. Last year, this project was jointly developed with the Glamorgan Spring Bay Council Environmental Officer and EON.

The plan seeks to align with the Glamorgan Spring Bay Council Bicheno Coastal Reserves, Native Flora and Fauna Management Plan 2014-19 which while now out of date is otherwise still perfectly relevant to the management of the area. Additionally, the initiative responds to a 2009 report by Sally Johns (attached) which indicates the issues are not new but are consistently requiring of attention to manage degradation.

A recent site inspection involving council officers and members of the EON group identified dune erosion, native vegetation degradation and weed invasion at the location. There is also intrusion into the natural landscape by property owners fronting the dune.

The land in question is held by Council under license from the Crown and highlighted pink with green stripe in the image below.

This image shows the area in front of several properties being eroded with individual pathways to the beach and reduction of natural foliage.

Between the inspection on the 26th August and the writing of this report on the 31st August this tree within the reserve area was cut down. The image above is from the end of 2021. The image below is from 2010. The foliage at the front of the dune has receded by 7 metres from the property boundaries in this time and in area is 21% less than 2010.

STRATEGIC PLAN REFERENCE

Guiding Principles

1. Balance economic and tourism growth whilst preserving our lifestyle, celebrating our rich history and protecting the region's unique and precious characteristics.

Key Foundations

5. Our Environment

What we plan to do

- Review and update existing Council strategies and plans.
- Involve, engage and equip groups and individuals in Natural Resource Management.

STATUTORY IMPLICATIONS

Numerous Acts provide governance on Natural Reserve Management:

- Environmental Protection and Biodiversity Conservation Act 1999 (Commonwealth)
- Tasmanian Threatened Species Protection Act 1995
- Tasmanian Weed Management Act 1999
- Aboriginal Relics Act 1975
- Cat Management Act 2009
- Crown Lands Acts 1976
- Environmental Management and Pollution Control Act 1994
- Historical Cultural Heritage Act 1995
- Land Use Planning and Approvals Act 1993
- Local Government Act 1993
- National Parks and Reserves Management Act 2002
- Nature Conservation Act 2002

BUDGET IMPLICATIONS

Assist the community group through existing operational budgets.

RISK CONSIDERATION/S

Risk	Likelihood	Consequence	Rating	Risk Mitigation Treatment
Adopt the recommendation			Low	Proceed with proposed initiatives.
Identified risk can be mitigated				
Do not adopt the recommendation	Certain	Severe	High	Await landowners to be concerned over property loss through lack of coastal protection zone.
Further and faster erosion of remaining dunes				

OFFICER'S COMMENTS

There is a concern here for the private land owners and council. The erosion of the foliage which supports the dune reduces the stability of the dune which in time will erode the front of the private land. With a reduction of one fifth of the foliage in 12 years a tipping point will soon be reached where dune erosion will escalate substantially.

It is proposed to support the plan of the EON group and work with them on a range of initiatives which include:

- Educating students at the school
- Providing information to the landowners who are impacting the dune stability
- Selective fencing and replanting
- Interpretive signage to assist in public education
- Weed removal and replanting with local provenance

Council officers propose to work with EON to carry out elements of the program best provided by council and supporting the on-ground activity provided by EON volunteers.

OFFICER'S RECOMMENDATION

That council receives the report and notes the information.

PURPOSE

To recommend that Council adopts the draft Tree Management Policy as attached to this agenda item.

BACKGROUND/OVERVIEW

Council receives many requests to remove trees on council managed land. It is important to provide transparency top the public with respect to how council responds to such requests and so a policy has been in existence for many years. In order to promote and continue to improve the good governance within Glamorgan Spring Bay Council, Council's Tree Management Policy has been reviewed in accordance with the policy review program.

The purpose of the Policy is to set out the principles by which Council manages, maintains, removes or plants trees on council land within the Glamorgan Spring Bay Municipal area.

The Policy applies to all areas within the municipal area for which Council has ownership or care and control and land to be donated as is the case with subdivision development and addresses the following key elements:

- To provide a quality environment for residents, ratepayers and visitors and recognise the importance of trees to the quality of the local environment.
- To provide a practical and balanced approach to tree management that seeks to ensure public safety whilst striving to preserve and maintain, in a safe and healthy condition, those trees which are currently or which will become visually, historically, or environmentally valuable to the community of Glamorgan Spring Bay.
- To address the issues of tree management, tree planting, tree removal, tree pruning, and damage caused by trees on Council managed land.
- To provide clear guidelines for Council officers as they respond to tree related enquiries, to ensure that any associated risks are managed or controlled.
- To consider the impacts of climate change and the adaptation that may be necessary with respect to maintaining the amenity and climate influence of trees for resilient landscapes

The draft Tree Management Policy was presented to Council at a Workshop held on 13th September 2022. If adopted by Council, the Policy will be made available on Council's website and staff and Councilor intranet.

9 NOTICES OF MOTION

9.1 Notice of Motion - Deputy Mayor Jenny Woods

BACKGROUND

It was noted that a new pedestrian safety fence has been installed in Midway Point on the new highway works. It seems reasonable that such a fence would perform the task of keeping children and other pedestrians from falling into the traffic lane on the Orford and Buckland bridges on the Tasman Highway. Questions have been raised with the Department of State Growth in recent times with the response centred on vehicles entering the pedestrian space when the concerns are the opposite; that pedestrians, and especially young children, are at risk of falling into the traffic lane.

Moved Deputy Mayor Jenny Woods, seconded

That council write to the Department of State Growth requesting the installation of a barrier that will prevent pedestrians from falling into traffic on the Orford and Buckland, Tasman Highway Bridges.

9.2 Notice of Motion - Deputy Mayor Jenny Woods

BACKGROUND

Council receives requests from property owners from time to time where property access roads are not presently maintained by council. One such request pertains to an unformed road of around 680 metres in length from Strip Road to the south. The road is identified as a licence area. Residents have requested council upgrade and maintain the road to service the 6 or so properties who use this as their only access.

Moved Deputy Mayor Jenny Woods, seconded

That council seek a report from officers providing information on the mechanisms for developing a road to an acceptable standard and the impacts for council and property owners of those processes.

Clr Cheryl Arnol

In agenda item 8.1, there is reference to the Seafarers Memorial event costing Council in the order of \$5,000.

The General Manager did provide some financial details last year that contained items that I am struggling to correlate against the Seafarers Memorial noting that the Seafarers Memorial service is a Council event.

The committed costings that I am aware of amount to approximately \$1,000 although that is likely to increase this year due to the Mercury newspaper no longer supporting free advertising for this type of event.

As a Councillor who has had a long term involvement in this particular committee and noting similar in-kind and other costs that are regularly mentioned against other events, could I please be provided with an accurate breakdown of the costs for the annual Seafarers Memorial service.

Response from General Manager, Greg Ingham

Last year's Seafarers' Memorial event was cancelled due to COVID-19. Therefore, the sum of the costs listed below are estimates based on the event going ahead. Other costs are based on previous years expenditure and actual expenditure e.g., plaque clean-up.

Description	\$ Value
Posting of letters, colour printing, laminating	\$165
Morning tea for all attendees and lunch for Cadets	\$550
Donations to the Cadets	\$200
Road closure notice in the Mercury (note these costs have increased in the current year)	\$605
Administration including COVID Management Plans, Risk Management, Traffic Management Plan, Invitations, guest tracking, hall bookings, liaison with committee.	\$900
Traffic and pedestrian control, Traffic Management Plan installation (labour double time for Sunday)	\$650
Site set up and preparation (labour double time for Sunday)	\$350
Plaque inspection and cleaning (background grinding, buffering, polish and sealing of each plaque)	\$1,000
PPE (masks, sanitiser, hospital grade cleaning wipes)	\$230
TOTAL	\$4,650

12 CONFIDENTIAL ITEMS (CLOSED SESSION)
