

GLAMORGAN SPRING BAY
COUNCIL

Change to your RECYCLE kerbside collection day

Dear Resident,

Due to ongoing growth and the increasing number of bin collections in the Glamorgan Spring Bay municipal area, it is necessary to change your **RECYCLE** bin collection week.

From the week beginning **6th April 2020**, your recycling bin week will be changed from week 1 to week 2.

This means that:

- Your fortnightly recycling bin will be collected week beginning **30th of March** as scheduled in the current calendar and then again the following week.
- Your recycling bin will then be collected every fortnight after week beginning the **6th April 2020**.
- There will be no change to the day your area is serviced.

It is very likely that the time of day that your bin is serviced will also change.

For that reason, please place your bins out the night before collection day.

For a copy of your revised collection calendar please visit Council's website

gsbc.tas.gov.au

Thank you for your understanding.
