

## MEDIA RELEASE

**Subject: Council announces appointment of new General Manager**

Date: 20 August 2020

---

Acting Mayor Jenny Woods today announced the appointment of Greg Ingham as the Council's new General Manager. He will start on 14 September 2020.

Councillor Woods said Greg has 20 years' experience in local government in both Australia and New Zealand. He was previously the General Manager for the Walgett Shire Council and Castlereagh Macquarie County Council in northern NSW, and Manager Infrastructure at the West Tamar Council.

Councillor Woods said Greg was a standout candidate in a rigorous selection process that attracted a large number of applicants from within and outside Tasmania.

"We have a lot of hard work to do at Glamorgan Spring Bay to strengthen the Council's financial sustainability," Councillor Woods said.

"Council believes that Greg has the experience and credentials to drive our long-term vision and strategic plan and lead a high-performing and professional team of employees."

"He is also well across local government operations and challenges in Tasmania with a strong local network as a result of his years at West Tamar Council."

Councillor Woods said Greg would return to Tasmania from Queensland and will comply with the State's COVID-19 isolation requirements prior to starting onsite.

The Council thanked Marissa Walters for acting in the role of General Manager for the last four months. She will continue to support the Council as a financial consultant once the new General Manager commences.
