

# at cohealth, we provide free or low-cost health and wellbeing services

Services are available  
to everyone who walks  
through our door,  
regardless of income.

You'll still be able to see  
your regular doctor or  
nurse and other allied  
health services. The only  
change is that now the  
Triabunna and Bicheno  
medical centre doctors  
and nurses will be  
employees of cohealth.

Go to our website or call us  
to make an appointment.

## We support local communities by:

Providing free or low-cost health  
and wellbeing services

Working with communities  
to find out their health and  
wellbeing needs

Making sure no one is left  
behind with their health

Partnering with locals to put on  
health and wellbeing events,  
programs and projects.
