## Notes

1. Statutory charges income is up $\$ 88 \mathrm{k}$ on budget YTD due to higher than expected level of development applications.
2. Materials \& services are up $\$ 133 \mathrm{k}$ on budget YTD primarily due to higher level of contractor costs ( $\$ 100 \mathrm{k}$ ), legal fees ( $\$ 18 \mathrm{k}$ ) and other costs related to development applications; this is offset by additional related income. With the employment of additional planning staff, the need for consultants in this area has significantly reduced.
